Subject: Performance feedback letter for Ogauge

To whomsoever it may concern

Kaustubha Udyog's IIoT pressure gauge, Ogauge (Model no: NOG-01-D1-H02-D-S03-02), has been installed on a 50 kl liquid oxygen cryogenic tank for monitoring of the fluid level and pressure inside the tank.
The Ogauge also gives real time alerts subject to fluctuation of level and pressure.

It has been working satisfactorily for more than 12 months now.

The data generated is helpful and with additional customisation the opeartions will be more profitable using Ogauge.

27/5/24

Yours sincerely,
